Resource LabelGroup, LLC, a manufacturer of high quality label products with locations in Franklin and Memphis, TN, has completed a merger with Mid-South Graphics of Nashville, TN. The company will be headquartered in Resource Label's Franklin facility. The terms of the deal were not disclosed.

Founded in 1957, Mid-South Graphics is a market leader in the RFID label and tag segment for consumer, industrial, and specialty applications. Following the merger, Mark Davenport, owner of Mid-South Graphics, will become President of Mid-South RFID, a division of Resource LabelGroup, LLC. Mr. Davenport said, "RLG and MSG have been admirable competitors over the past 15 plus years and I am very confident that our two companies will truly complement one another by being able to supply our customers with a greatly expanded range of products and services. I am also very excited about the future that this merger will have for both our employees as well as our loyal customers"

Resource LabelGroup's CEO Allen Barnes stated, "Packaging buyers and consumer packaged goods companies are exploring technology at such an accelerated pace, and are now looking to their label suppliers to expand their offerings beyond printed pressure sensitive prime labels. Our merger with Mid-South Graphics expands RLG's role as a complex solutions specialist, providing the highest level of application engineering expertise across narrow web technologies and a turnkey range of services to meet our customers' needs well into the future."
